

Raves For Advantage Inspection ...

“You’re the greatest. Thanks for the help. Trying hard on this end to stay on top of things since we are doing everything from “afar”! Again, really appreciate all you have done for us.”

”I am on my 9th year of full time real estate sales in Western NC and have recommended Advantage Inspection my entire career. They are a group of professional people that are always there when you need them. My clients have been very satisfied with the service they provide. Advantage Inspection has earned the trust of it's clients and are the most used home inspection company in my sales area. Thanks for all you do Dale, Laurie, Steve, Joe and Ashley!”

“I did notice the great pride Joe Clark took in his work. He definitely found minor items that needed repair I would never have found myself – would never have thought of. He determined that the repairs were minor enough that we could go ahead with our contract. It was good to have that assurance; I was glad he did it. Having a contractor’s license helped, too, I would think. He offered a few suggestions as a homeowner .Joe stayed on the contract stipulations but also went the extra mile, doing a spot-check visual look at the pipes to see any evidence of leakage in the ceiling.”

“I was very pleased with how courteous, thorough, and informative your staff was. This was a first time experience for me, and your staff made it easy. I would definitely recommend your company to others. Thank you.”

“I have used Advantage Inspection for over 5 years. They are always very accommodating and they make the process easy. Steve Sheley is the inspector I use. He’s very thorough and takes his time. I find Steve to be very friendly and ready to answer any questions. I have been very pleased with his knowledge and professionalism. Whenever I need an inspection I will call Steve, because I know my clients will be in good hands with their home inspections.”

“This is the second time we have used Dale for a home inspection. Both times he was prompt, professional, and courteous. We appreciate his helpful suggestions, as well as the timeliness of the final report. It is a pleasure to find a service person/company who does what they say they will do, when they say they will do it. If the need arises, we will use Dale again and would recommend him to others.”

“Steve Sheley was really great. He had come highly recommended by a friend and by our Realtor. His willingness to explain things to us along the way, to be thorough and careful, and to hang out in bitter cold weather indefinitely (this was on the 12 degree day!) really won us over and made us feel confident about the house. Please thank him again for us. We will certainly recommend him in the future.”
